

The Flower Scene

from *Feiffer's People* by Jules Feiffer

A-B

A I found a flower!

B I found a flower!

A My flower is big and beautiful and extremely robust.

B That's true.

A Your flower is dark and ugly and may not live 'till morning.

B It will certainly be a struggle.

A I love my flower for all its richness and beauty

B I love my flower for its spiritual values.

A WHAT spiritual values?

B My flower is a tragic flower. It has soul. It has poetry.

A Just because my flower is bigger, it can't have poetry?

B My flower struggles for survival. It worries about others.

A Are you calling my flower a snob?!?

B Your flower is rich...and probably has issues.

A I suddenly feel like beating your flower over the head with my flower.

B My flower would die lovingly

A I apologize. I have a self-centered flower.

B My flower truly understands.
